- a. Russia has displayed keen interest in maintaining in Albania a solid Communist Government perfectly in harmony with the directives of the Kremlin.
- b. Albanian Communist discipline and in particular in the higher cadres has been excellent. It is probable that Shehu was kept on in the Government to maintain a permanent counter-exchange with Hoxha.
- c. Reorganization was studied, prepared and applied with calm and tranquillity showing that the control of the rulers of the country is solid.
- d. The orthodox channels, exclusively and fanatically tied to Moscow, are today represented in the new Tirana cabinet in a much more decisive manner than before.
